The answers are in the back of the book. We will provide guided exam skill practice in lesson in preparation for the real thing. The grammar section in the back is very useful, especially for your writing exam.

Please listen to News in Slow French <https://tunein.com/radio/News-in-Slow-French-p761034/?topicId=124253051> (Higher) and Easy French subtitled video clips on YouTube (Foundation) : <https://youtu.be/bb4zvZdrMz4> where you can listen to French podcasts . These podcasts will cover all topics and extra vocabulary. BBC Bitesize has Talk French (Foundation) and French Connection (Higher).

NB The Mock Reading and Listening exams incorporates questions on units we haven't yet covered. Please don't worry! But if you have time to cast your eye over the units in the CPG guide which we haven't yet covered then of course you will find this beneficial in the exams. Additionally, you will be issued with a vocab list with associated tasks in order to help with this.
