

Topic Checklist	
A Level Business - Y13	
Unit 3.1: What Is Business?	
Understanding the nature and purpose of business:	
Why businesses exist	
 The relationship between mission and objectives 	
Common business objectives	
Why businesses set objectives	Pages 2-17 Revision
The measurement and importance of profit	guide
Understanding different business forms:	https://woutu.bo/PdOuKwb
Reasons for choosing different forms of business and for changing	https://youtu.be/RdQuKwh CzGU?si=sELax4jIJJ-
business form	R7Tn3
 The role of shareholders and why they invest 	
• Influences on share price and the significance of share price changes	Link to Unit 3.1 playlist
The effects of ownership on mission, objectives, decisions and	revision videos
performance	
Understanding that businesses operate within an external	
environment:	
How the external environment can affect costs and demand	
Unit 3.2: Managers, Leadership and Decision Making	
Understanding management, leadership and decision making:	
What managers do	
Types of management and leadership styles and influences on these	
The effectiveness of different styles of management and leadership	Pages 18-25 Revision
Understanding management decision making:	guide
The value of decision making based on data (scientific decision	
making) and on intuition	https://youtu.be/N6gkOnsj
The use and value of decision trees in decision making	xUU?si=1rCPdMRe6ZBa7
Influences on decision making	<u>-28</u>
Understanding the role and importance of stakeholders:	Link to Unit 3.2 playlist
The need to consider stakeholder needs when making decisions	revision videos
Stakeholder needs and the possible overlap and conflict of these	
needs Influences on the relationship with stakeholders	
How to manage the relationship with different stakeholders	
Unit 3.3: Decision making to improve marketing performance	
Onit 5.5. Decision making to improve marketing performance	
Setting marketing objectives: • The value of setting marketing objectives	

External and internal influences on marketing objectives and decisions	Pages 26-51 of Revision Guide
Understanding markets and customers:	
 The value of primary and secondary marketing research 	
The value of sampling	
 The interpretation of marketing data 	https://youtu.be/_ODiz0JR
 The value of technology in gathering and analysing data for 	x2U?si=jj8V04aeuvJh2ZA
marketing decision making	<u>m</u>
• The interpretation of price and income elasticity of demand data	Link to unit 3.3 playlist
• The value of the concepts of price and income elasticity of	revision videos
demand to marketing decision makers	
 The use of data in marketing decision making and planning 	
Making marketing decisions: segmentation, targeting, positioning:	
 The process and value of segmentation, targeting and 	
positioning	
 Influences on choosing a target market and positioning 	
Making marketing decisions: using the marketing mix:	
• The elements of the marketing mix (7Ps)	
• The influences on and effects of changes in the elements of the	
marketing mix	
Product decisions	
Pricing decisions	
Decisions about the promotional mix	
Distribution (place) decision	
Decisions relating to other elements of the marketing mix: people,	
process and physical environment	
• The importance of and influences on an integrated marketing	
mix	
• Understanding the value of digital marketing and e-commerce	
Unit 3.4: Decision making to improve operational performance	
Setting operational objectives:	
The value of setting operational objectives	
External and internal influences on operational objectives and	
decisions	
Analysing operational performance:	
Interpretation of operations data	
Calculation of operations data	
The use of data in operational decision making and planning	
Making operational decisions to improve performance: increasing	
efficiency and productivity:	
The importance of capacity	
The importance of efficiency and labour productivity	
How to increase efficiency and labour productivity	
The benefits and difficulties of lean production	
Difficulties increasing efficiency and labour productivity	
How to choose the optimal mix of resources	
How to utilise capacity efficiently	
How to use technology to improve operational efficiency	
Making operational decisions to improve performance: improving	
quality:	

The importance of quality Methods of improving quality The benefits and difficulties of improving quality The consequences of poor quality Making operational decisions to improve performance: managing inventory and supply chains Ways and value of improving flexibility, speed of response and dependability How to manage supply to match demand and the value of doing so Influences on the amount of inventory held Influences on the choice of suppliers How to manage the supply chain effectively and efficiently and the value of this. The value of outsourcing	Pages 52-65 of Revision Guide https://youtu.be/GazbcbFlt
Unit 3.5: Decision making to improve financial performance	
Unit 3.5: Decision making to improve financial performance Setting financial objectives:	
Setting financial objectives:	
Setting financial objectives:The value of setting financial objectives	
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit 	
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit The distinction between gross profit, operating profit and profit for 	
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit The distinction between gross profit, operating profit and profit for the year 	
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit The distinction between gross profit, operating profit and profit for the year Revenue, costs and profit objectives 	Pages 66-79 Revision
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit The distinction between gross profit, operating profit and profit for the year Revenue, costs and profit objectives Cash flow objectives 	Pages 66-79 Revision guide
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit The distinction between gross profit, operating profit and profit for the year Revenue, costs and profit objectives Cash flow objectives Objectives for investment (capital expenditure) levels Capital structure objectives External and internal influences on financial objectives and decisions 	guide
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit The distinction between gross profit, operating profit and profit for the year Revenue, costs and profit objectives Cash flow objectives Objectives for investment (capital expenditure) levels Capital structure objectives External and internal influences on financial objectives and decisions Analysing financial performance: 	guide https://youtu.be/
 Setting financial objectives: The value of setting financial objectives The distinction between cash flow and profit The distinction between gross profit, operating profit and profit for the year Revenue, costs and profit objectives Cash flow objectives Objectives for investment (capital expenditure) levels Capital structure objectives External and internal influences on financial objectives and decisions Analysing financial performance: How to construct and analyse budgets and cash flow forecasts The value of budgeting 	guide
