Our Sixth Form provision has been enhanced since we moved into our new £2.6 million extension, The Maple Building. The upper floor accommodates our sixth formers with their own exclusive study rooms, ICT facilities and common room equipped with a kitchenette.

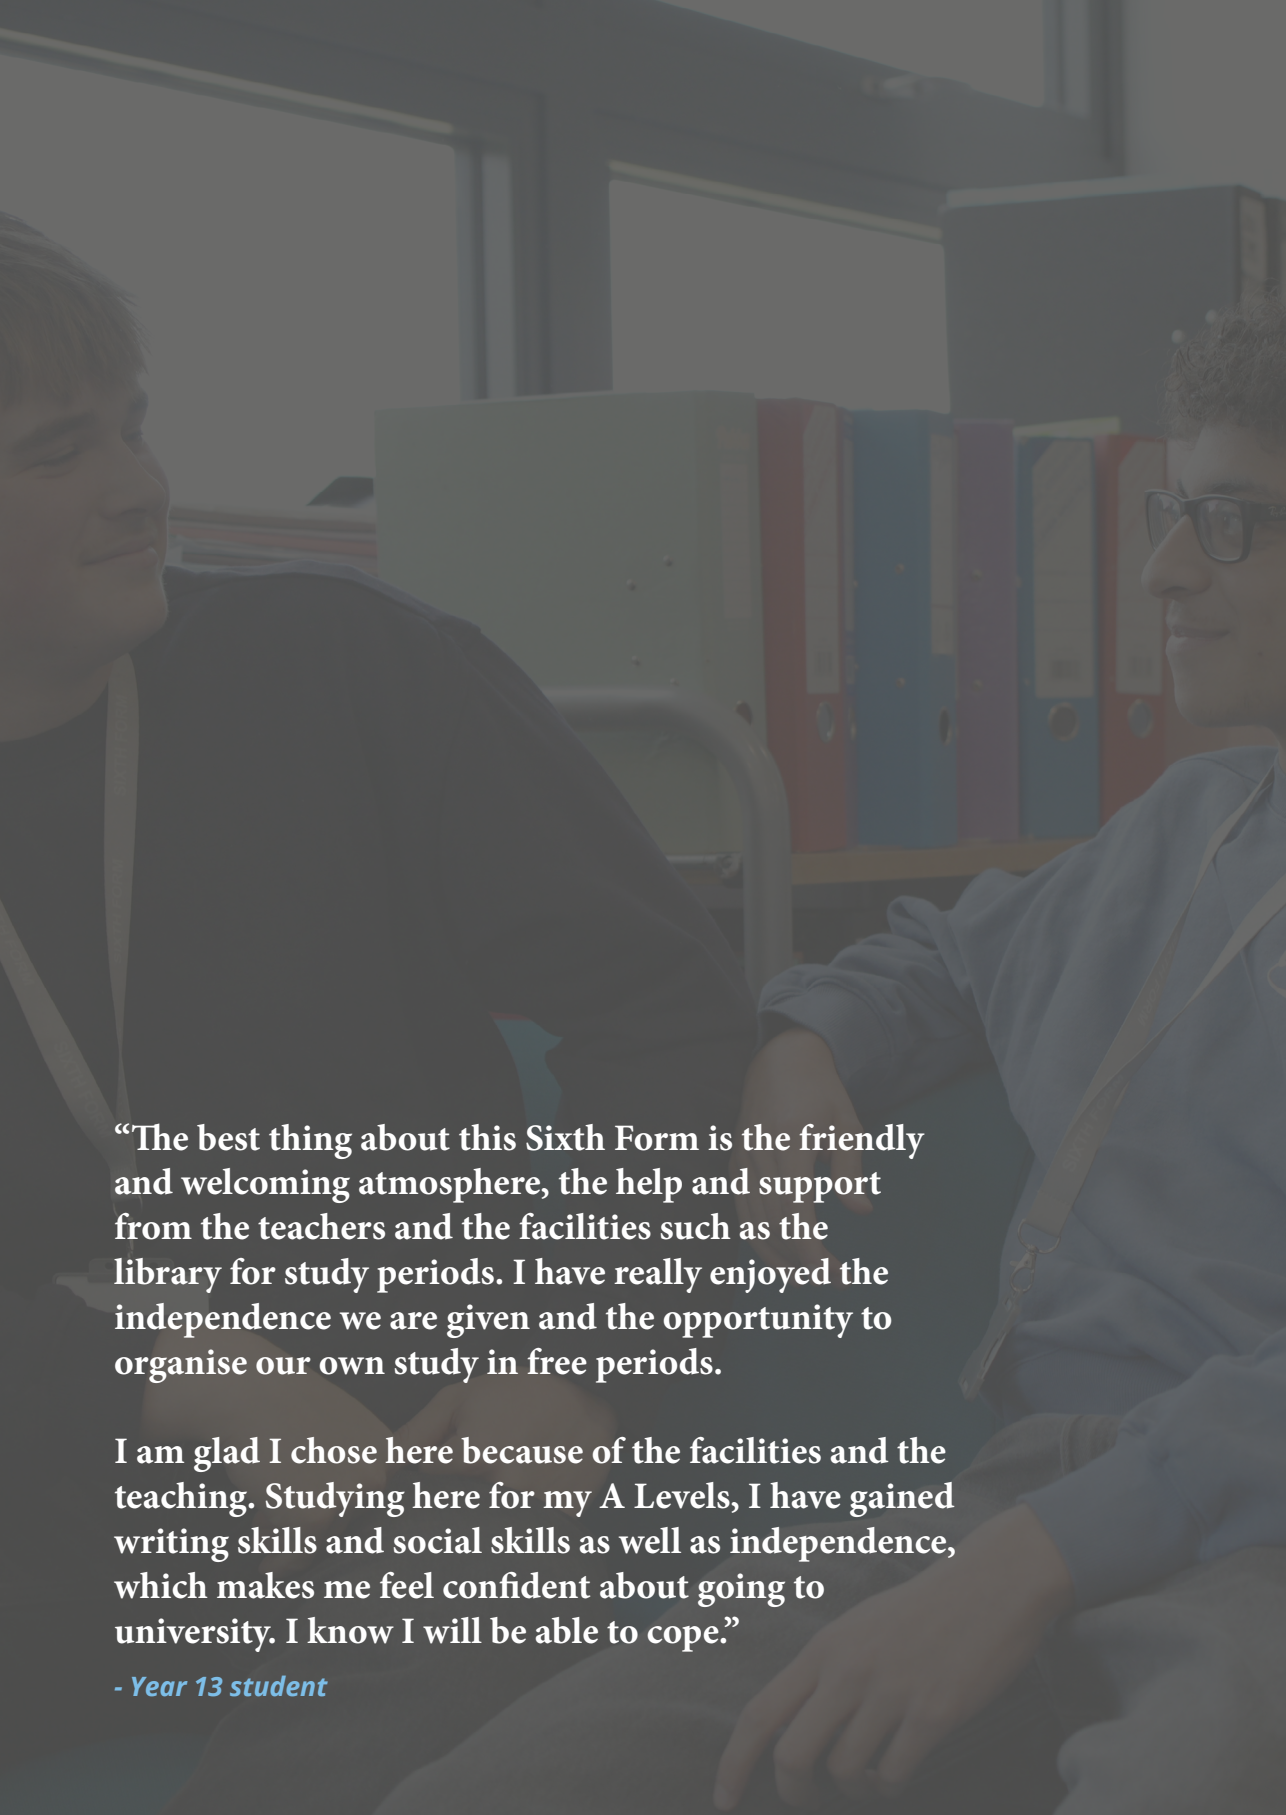

The Sixth Form fosters a culture of independence, learning and success and provides a wide range of opportunities for students to flourish as individuals. Every student will be supported and encouraged to aim high, enjoy new experiences and achieve their full potential.

Our student support system is led by an experienced team including a Head of Sixth Form and a dedicated team of Sixth Form Tutors. The Sixth Form Team provide support and guidance to students throughout and beyond their A Level study.

We aim to help all students adjust to the new working methods of Sixth Form study in a caring environment, underpinned by a culture of hard work and commitment.

We develop strong partnerships with all of our students, ensuring that we give regular careers guidance, financial advice and specific UCAS application support. We want our students to become fearless learners, who understand the power of organisation, allied to a well-developed work ethic. Most importantly, we want individuals to understand their own potentiality and how to fulfil it, becoming young adults who have the strength and determination to actively change the world for the better.

“At South Nottinghamshire Academy Sixth Form we work as a team; we pride ourselves on students, teachers, tutors and parents working together to achieve excellence.”

“The best thing about this Sixth Form is the friendly and welcoming atmosphere, the help and support from the teachers and the facilities such as the library for study periods. I have really enjoyed the independence we are given and the opportunity to organise our own study in free periods.

I am glad I chose here because of the facilities and the teaching. Studying here for my A Levels, I have gained writing skills and social skills as well as independence, which makes me feel confident about going to university. I know I will be able to cope.”
